Is Your Family Ready to Be Counted?

Census 2020
Make Yourself Count.

The 2020 U.S. Census is coming.

Your participation in the Census means that our community will receive the funds we deserve for schools, health and social services, roads, and other programs that serve individuals and families. When you get counted, you also strengthen democracy by showing politicians in Washington, DC and Olympia, that you matter and care about our community's future. The Census takes just a few minutes to complete and means a better future for us all. Your household will receive at least one letter from the U.S. Census Bureau with instructions on how to participate online. Keep an eye out for it, and follow its instructions when you receive it.
